

13 THINGS A RUCRAK CAN DO

Cargo Carrier

The rucRak Cargo Carrier is 40" x 18" x 4" and is rated for 125 lbs in the Grunt configuration. That is a full 55 quart cooler and an additional 30 lbs of gear.

Bike Rack*

Flip the Cargo Carrier over for a Bike Carrier for traditional bikes with a 25" to 48" wheelbase.
**Bike rack accessory kit suggested*

Tailgate Table

A 15.5" x 30" flip down tailgate table perfect for a grill stand or as a workstation.

2nd Tier Cargo

Use the tailgate table as an upper cargo carrier, suitable for an additional 30 lbs of gear.

All-Terrain Wagon

Upgrade your rucRak cargo carrier to a removable all terrain cart. Comes with big pneumatic beach going wheels, this addition allows you to convert your rucRak basket to a wagon to get your gear to the beach, the job site or the game!

Umbrella Stand

Make some shade with the included 1.5" x 13" tube that can be used as an umbrella stand. Most beach and outdoor umbrellas fit in this tube. One included with every rucRak Grunt or Gunny model.

Flagpole Holders

Use the tube included to proudly fly your flags in a parade or at the game. One included, One additional can be added for dual flags.

Fishing Rod Holders

The same tubes that are used as an umbrella stand or flagpole holders can be added to the cargo basket as fishing rod holders.

Cup Holders

The tailgate table comes with integrated cup holders to hold most tumblers and those famous red solo cups!

Tool Holders

We have also cut strategic mounts into the upper table for use with the available Quick Fist® grips. Perfect for storing your axe, shovel or other tools.

Molle Storage

Laser cut into every rucRak table is Molle storage, perfect for storing your molle bags or to be used as tie down points.

Rotopax™ Mounts*

We have made provisions on the side of every basket for rotoPax fuel and water tank mounts.
**not compatible with wagon accessory kit*
